Wedding costs can be intimidating, but after shopping around and seeing how easy working with Wedgewood Weddings was, we were thrilled with our wedding day! The team was so thoughtful and attentive to my husband and me. They also helped me plan my wedding in under four months- this was a part of their package! 110% would recommend.

Baylee

The team was on top of everything, very quick to respond to any questions we had, and truly made our wedding effortless. I wasn't stressed at all! With the Elite package, you won't have to worry about a thing. On the wedding day, our guests were wowed by how beautiful the venue was, and they gave very high marks for the food and event team.

Rachel

The Elite package included so much, which made the planning process more affordable and a lot more doable without an outside planner. We chose the buffet option, and our guests had great things to say about the food. The carving station with the prime rib was my personal favorite. The wedding went great and was a fantastic experience for us.

We planned our wedding from out of state, I'm not a planner, and I've never been married before, so saying I was completely lost would be an understatement. We used all of their preferred vendors, and couldn't have been happier with how the day turned out. Book with Wedgewood Weddings - they'll do all they can to bring your vision to life.
